Sthitapragna Kollepara

Designer | UI/UX, Mobility & Product Design

+91 9667179345 | sthita.ksp2709@gmail.com | Visakhapatnam, Andhra Pradesh, India

Portfolio: kspportfolio-one.vercel.app

Professional Summary

Designer who combines hands on prototyping with research led methods to design experiences and solutions across systems, services, mobility and UI/UX, often taking ideas through to working coded prototypes. Focused on work that is well crafted and works well in use, with a strong interest in storytelling through photography.

Professional Experience

Project Associate: Toys and Games Jul 2026 – Sep 2026
Applied Design Lab (ADL), Department of Design, IIT Roorkee

- Contributed to a research project revitalising traditional scientific toys and games of the Himalayan region as STEM learning products.
- Coordinated a team of 11 design interns (4 remote, 7 on-site) across research, ideation, prototyping and playtesting.
- Developed STEM learning games derived from the crafts and cultures of the Himalayan Region.
- Built a research database mapping 35 craft clusters, 12 traditional games and 15 artisan communities across Uttarakhand, Himachal Pradesh, J&K and Ladakh.

Research Associate Jul 2025 – Jun 2026
AMRUT Centre of Urban Planning for Capacity Building, Department of Architecture & Planning, IIT Roorkee

- Directed the strategic design, branding and digital presence of the Centre from the ground up.
- Led a research project on walkability and street furniture design to improve human-centred urban experiences.

Design Intern (Summer Internship) Jun 2024 – Aug 2024
Department of Design, IIT Roorkee

- Developed a patent-pending honeybee apiculture box, integrating ergonomic and sustainable design principles.

Education

M.Des, Industrial Design 2025
Indian Institute of Technology Roorkee | CGPA: 8.771

B.Tech, Civil Engineering 2022
Andhra University College of Engineering | CGPA: 6.960

Intermediate (Class XII) 2017
Heeralal Public School | Percentage: 56.20%

Matriculation (Class X) 2015
Kendriya Vidyalaya | CGPA: 6.0

Skills

Design: Industrial Design, Interaction Design, UI/UX Design, Mobility Design, Service Design, Design Systems, Data Visualization, Game Design, Participatory Craft Design

Research: UX Research, Research Planning, Human Factors & Ergonomics, Inclusive Design, Accessibility, Emotional Design, Usability Evaluation, Field Research

Making: Prototyping, Front-end Prototyping (HTML, CSS, JS), Sketching, Form Exploration (foam, clay), 3D Printing, Problem Solving, Communication

Software: Figma, Autodesk Fusion 360, Adobe InDesign, Adobe Lightroom, Microsoft 365, Procreate, Vizcom, Observable, Claude, Claude Code

Languages: English, Hindi, Telugu, German (A2)

Design Registrations

Etikoppaka Lacquer Craft Camel Chess Piece Case study ↗ Dec 2025
Design No. 484154-001 | Class 21-01 | Co-registered with Dr. Saptarshi Kolay & Sandhya Bonda

Chess Piece Dec 2025
Design No. 484157-001 | Class 21-01 | Co-registered with Dr. Saptarshi Kolay & Sandhya Bonda

Design Projects

Saaf Safar: Airport Washroom Operations for Delhi T3 Case study ↗ 2026
- Designed a sensor-led service that sends crews to the washroom that needs them, built as a working prototype.

Easy CMS: Website Updates Without Code for IIT Roorkee Admin Staff Case study ↗ 2026
- Designed a guided editor with true preview, review before publishing and Hindi/English; built as a working prototype.

Paraga Mitra: Pollination as a Service for Farmers & Migratory Beekeepers Case study ↗ 2026
- Designed the service, system and both apps that book beekeepers' colonies to farmers' blooms and pay both sides on time.

H2o Connect: Smart Water Tank Monitoring, with Dwaj-Tech Case study ↗ 2026
- As sole designer, took a retrofit tank kit and app from home visits to eight screens in six weeks.

Autonomous Single-Occupant Vehicle & MaaS for Campus Commuters Case study ↗ Jan 2025 – Jun 2025
- Designed and built a working autonomous pod, with a ride booking app, in-pod screen and a fleet console for 24 vehicles.

Etikoppaka Chess Set: A Participatory Craft-Design Collaboration Case study ↗ Aug 2024 – Dec 2024
- Led a participatory craft-design collaboration with Etikoppaka artisans, resulting in a new chess set product line.

Designing for Brand: Vacuum Cleaner in Braun's Visual Language Case study ↗ Feb 2024 – May 2024
- Designed a Braun-inspired vacuum cleaner through iterative form exploration using foam, clay and 3D printing.

Atomic Design Methodology: UI Component Library Case study ↗ Feb 2024 – Mar 2024
- Built a HUD-inspired design system for JetPhotos, then rebuilt it in Material 3, Spectrum, Carbon and visionOS.

Simulated Disability Audit: Human-Centred Inclusion Study Jan 2024 – Mar 2024
- Conducted a simulated-disability audit to identify accessibility and inclusion barriers in everyday environments.

VELTURA: Eco-Lamp Crafted from Discarded Materials Case study ↗ Sep 2023 – Nov 2023
- Designed a paper-plane-inspired lamp built entirely from discarded materials, showcasing reuse and handcraft.

BLICK: Wooden Desk Lamp for IKEA Case study ↗
- Designed a wooden desk lamp with a linear LED arm on a pivoting head, over a base that doubles as a planter.

Positions of Responsibility

Visual Design & Branding Team, IIT Roorkee Convocation 2026 Case study ↗ Sep 2026
- Designed the visual identity and collateral: entry passes, stickers, stage backdrops and the medallist banner.

Ambassador, UX India Pre-Conference Meet 2024 Sep 2024
- Managed event operations, coordinated guest speakers and led the social media and photography teams.

Social Media & Photography, IDEAS Design Symposium Oct 2024
- Captured event photography and designed social media content, increasing visibility and audience engagement.

Design & Decoration Coordinator, IIT Roorkee Convocation 2024 Jun 2024 – Jul 2024
- Led origami-inspired stage design and produced passes and parking tags for guest navigation and branding.

Social Media Photography Lead, Department of Design, IIT Roorkee Sep 2023 – Jul 2025
- Handled photography and content for social media and website, and designed assets for departmental events.

Achievements

Gold Medal, IIT Roorkee Field Hockey – Colors Trophy Feb 2025

Top 15, ICORD × SIC Design Challenge Jan 2025

Winner, Aero-Armour Aviation Photography Competition Jan 2025

Certifications

Product Design & Development | NPTEL, IIT Roorkee
Sustainable Architecture | NPTEL, IIT Roorkee
Innovation by Design | NPTEL, IIT Bombay
Photography Basics & Beyond | Coursera, Michigan State University
German Language (A2) | European Commission certified institute
Typewriting – English (Lower) | Andhra Pradesh State Board of Technical Education, First Class

Interests

Automobile & Aviation Photography, Motorcycling, Trekking, Tabla, Field Hockey
